

WISER TALENT DEVELOPMENT

WISE-START

EARN - LEARN - QUALIFY

INSURE YOUR FUTURE

ABOUT WISE-START

Wiser Academy has been bringing quality training to the insurance community for the last eight years.

In this time, we noticed that one of the key barriers to people accessing professional qualifications was the cost of study materials, exams, and training.

Through Wise-Start we now have a solution!

Wise-start is a well-rounded professional development programme for insurance professionals. It focuses on the **Knowledge, Skills & Behaviours** required for individuals to be successful in an insurance career.

QUALITY

AFFORDABILITY

ACCESSIBILITY

At the heart of Wise-Start!

We have carefully put together a robust curriculum that meets the requirements of the apprenticeship standards and the common needs of an insurance business. However, the suitability of the programme does not end there. We can; and will tailor this programme to suit learner needs and their development goals.

We have secured government funding using apprenticeships route to help colleagues within the insurance sector achieve their professional development goals through this Wise-Start apprenticeships programme.
