WISER GRADUATES

ABOUT WISER-GRADUATES

Wiser Academy have been bringing quality training to the insurance community for the past nine years.

In this time, we have noticed that businesses **invest a lot of time and money in hiring graduates** from various disciplines, however, still have to train them from scratch in insurance.

Why not grow your own graduates organically?

Through the **Wiser-Graduates** programme, learners will undergo structured training in insurance helping them to make early contributions to the business goals and fast track their career goals at the same time.

Develop your talent from **zero** all the way through to an **ACII qualification** plus a degree **BA (Hons) Insurance in just 04 years**

At no cost to the employer!

Wiser-Graduates is a degree programme combining an **ACII qualification & BA (Hons) Insurance Degree** into one comprehensive training programme

PROGRAMME DETAILS

How it works

Years 01 - 03

- Learners will enrol onto an Insurance Apprenticeship programme and achieve their CII qualification (ACII) through the government apprenticeship scheme.
- All tuition fees, study materials and CII exam fees will be covered under the funding.

Year 04

- Learners will top up their ACII qualification with a 1 year Degree programme and achieve their BA (Hons) in Insurance.
- All tuition fees will be covered by the funding available to students from the Student Loans Company (learners to apply directly).

Get professional experience and hands-on practical learning with **“Wiser-Graduates”** a degree programme with a massive difference

Benefits to Employer

- No costs involved *
- Industry qualified employees
- Make a social impact by creating alternative routes to University studies saving young people from rising student debt
- Attract high calibre young talent into your business

Benefits to Learner

- No £50K student debt**
- Industry qualification
- Valuable work experience
- Full time salary
- Industry specific Degree

*ACII training is Apprenticeship funded, no cost to the employer other than there may be a 05% contribution if not levy paying.

**Insurance Degree is funded via student loan, however this degree is only £5500 as against standard £9k tuition fee per year
